

Creating Time for  
What Matters... to You.

# Time to Reconnect.

Let's face it, life gets busier and more demanding each day...

It seems you never have time to rest. Imagine your own personal get-a-way, a place where you can relax, meditate, and enjoy quiet times... by yourself, with family or with friends. Feel the stress and tension seep out of your body as you sit back, stretch out, and let the combination of warm water, pulsating jets, and the natural buoyancy of the water do its magic.

Indoors or out, a Hydropool Self-Cleaning Hot Tub will create more time for what matters. Whether in a corner of your home, in a solarium, conservatory or installed in your deck or backyard, a Hydropool Self-Cleaning Hot Tub will "rekindle" romance and relationships with family and friends.

"We call our hot tub 'Hydropool Heaven' after a long hard day at the office it's great coming home to our little piece of heaven."

Brian & Wendy Chin Quan,  
Proud Owner's of a Hydropool Hot Tub

# Time to Relax.

## Start Your Day Off Right

Imagine how much better your day will start when you slip into your own Hydropool Self-Cleaning Hot Tub for a few minutes each morning. Your circulation will improve, your muscles will relax and feel better, and your state of mind will be enhanced. You will be better prepared to face a hectic day at work, a workout at the gym or a round of golf at the club.

## Relieve Stress and Relax

When you're relaxing, you enjoy life more. It is easier to converse, share intimacies, smile and laugh. You'll look forward to your times in your hot tub. Hydropool Self-Cleaning Hot Tubs are also great for entertaining. Your guests will leave with fond memories of the time spent with you in your hot tub.

## Soothe Those Tired and Aching Muscles

The heat of your Hydropool Self-Cleaning Hot Tub results in collagen tissue becoming more flexible, benefiting many people with arthritic symptoms. Doctors have advised people with arthritis that soaking in warm water several times a day relaxes muscles and joints and helps induce restful sleep. The resulting stress and muscle tension relief has also led many migraine sufferers to claim that hot tub use reduces the frequency and severity of their headaches.

## Sleep Better

The heat, improved blood circulation, tension relief, and quicker lactic acid removal will result in a comforting state of relaxation and tranquility, assisting you to sleep better at night.

# Time for Family and Friends.

"With two kids that play multiple sports, our hot tub is the only place that we can enjoy some family down time."

Boyd & Debbie Richardson,  
Calgary, Alberta

# Hydropool's Comfort Features.

Exceeding your expectations with superior ergonomic design. All seating is designed for full body support and comfort. Soft, comfortable pillows gently support your head and neck while our wide lumbar support seats cradle your body. Hydropool's unique Science of Immersion hydrotherapy system adds the final touch, massaging every inch of your body. The wide variety of deep bucket seats, higher cool down seats, comfortable bench seats and body form loungers available on our Self-Cleaning Hot Tubs gives everyone a seat of choice, and extra large foot wells allow you to stretch out, relax and enjoy.

Immerse Yourself in Luxury.

#### SAFETY STEPS INSIDE THE HOT TUB

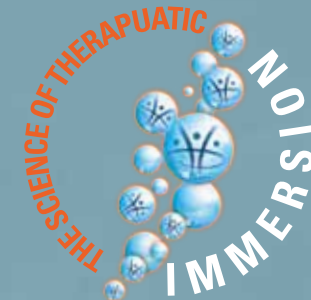

Hydropool Inc. is one of the largest hot tub manufacturer's in the world, and is committed to building superior hot tubs utilizing the latest technologies, with the latest environmental practices. Our research and development team is always striving to be the leading edge of innovation and design.

Raising the standards.

# The Science Behind Your Hydropool Massage.

## Choose... YOUR SEAT.

Our solid understanding of hydrotherapy and ergonomics of the human body allows us to take the science of immersion to a new level. Whether creating "ground up" innovations or redesigning and improving upon an existing line of hot tubs, all Hydropool products interact with the human body in the most effective and natural way possible.

- 1 Never Float Lounger
- 2 Extreme Seat
- 3 Swivel Seat
- 4 Cool Down Seat
- 5 Arm Rests with Jets

## Choose... YOUR MASSAGE.

The Hydropool Personal Wellness Guide plays a critical role in stress relief and Hydrotherapy. It is also designed for short or long term therapy programs, offering numerous beneficial programs such as relief from insomnia, pain & headache, detoxification and provides deep relaxation. Our design team is comprised of Chiropractors, Physiotherapists and Industrial Designers that utilize their insight into the human physique and the Hydropool Science of Immersion.

**Choose your Series**  
*(Personalize your massage)*

**Select your HydroFlow Jets**

**Choose your Therapeutic Option**  
*(Variable Speed Air Therapy or AcuPressure Sequence Massage)*

## Choose... YOUR MOOD.

Part of the experience with the Science of Immersion is enhancing your mood. The engineers at Hydropool have developed a number of features and options to transport you to the best times of your life.

**Dream Scents on Demand**

**Northern Lights or Deluxe LED**

**HydroFall Pillows**

**Cascading HydroFalls**

### Did you know...

A hot tub session speeds up the natural healing process. "It calms down the aching muscle pain and relaxes the muscle fibers for an optimal full back relaxation"

**Dr. Mike Prebag**  
Certified Sports Physician

These organizations all recognize the scientific benefits of hot water immersion.

Canadian Sleep Society (CSS)

# Hydropool's Exclusive Self-Cleaning Technology.

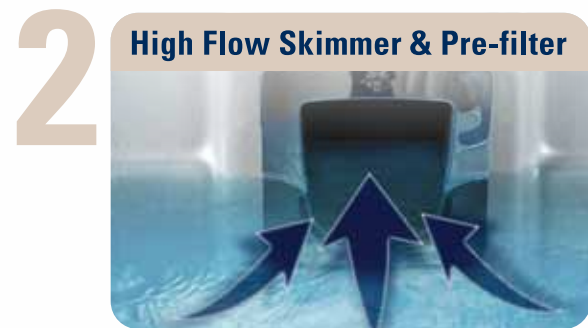

The world's easiest hot tub to maintain. The Self-Cleaning System cleanses 100% of the water every 15 minutes, that's an incredible 8 times in 2 hours!

**HydroClean Filtration Jets**

### OPTIMIZED SURFACE FILTRATION:

- The design of our seating and the strategically placed jets create a continuous flow of water pushing all floating debris towards the high flow skimmer.
- Boosts the efficiency of our self-cleaning system.

**High Flow Skimmer & Pre-filter**

### CLEANS ACROSS THE SURFACE:

- Removes floating debris, oils and prevents larger debris from clogging the pump and heater.
- Increases filtration.
- Moves debris into the Pre Filter and extends micro-filter cleaning cycles.

*Did you know...*

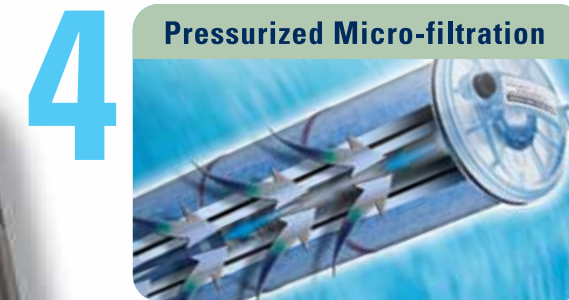

The design of our seating and the strategically placed jets create a continuous flow of water pushing all floating debris towards the high flow skimmer, boosting the efficiency of our self-cleaning system.

**Hydroclean Floor Vacuum**

### CLEANS ACROSS THE FLOOR:

- No need to vacuum the hot tub.
- Watercare products are more effectively circulated.
- Removes heavy contamination (such as dirt & grit).

**Pressurized Micro-filtration**

### CLEANS 100% OF THE WATER EVERY 15 MINUTES:

- New Dual Core Filter with Microban and inner core for increased filtration.
- Results in extended cleaning cycles.
- Easy access while out of contact and sight from bathers.
- No odor escapes during hot tub use.

**Customize Your Watercare System**

### WORRY-FREE & CONVENIENT:

- Salt Water Technology.
- EZaquazure Watercare System.
- EZcare Watercare System.
- Automatic Chemical Feeder.

**Self-Clean Light**

### ALWAYS ON THE JOB:

- The Worry-Free Indicator indicates the Self-Clean and Eco Heat Exchange system are both active.
- Reassures your family's safety and protection.

*Did you know...*

- With the Quick Drain System there is:
- No Shop-Vac or Sump pump needed.
  - Pumps the hot tub water out at distance or any grade.
  - Saves time and the hassle associated with hot tub maintenance.

We have always been committed to creating time for what matters... you.

Hydropool HotTubs are engineered to be the most energy efficient hot tub in the world, providing 100°F / 37°C for pennies a day.

another HYDROPOOL exclusive feature

# Exclusive HydroWise Thermal Shield Technology!

**Did you know...**  
N.A.S.A. uses the same technology to protect its astronauts from the -273 degree cold in outer space that we use on our thermal shield blankets.

**1 Self-Clean Technology**

**ENERGY EFFICIENT FILTRATION**

- Your Hydropool hot tub filters 100% of the water every 15 minutes. This means the hot tub does not have to be operating as long to filter the same amount of water as other hot tubs.
- The most energy efficient filtration system in the world.

**2 Hydrowise Heat Shield Hardcover**

**MADE FOR CANADIAN WINTERS**

- Heavy Duty tapered locking safety hardcover.
- Insulated baffle in the fold area.
- Locks the heat in and keeps the cold out.

**3 Insulated Thermal Shield Blanket**

**NASA INSPIRED TECHNOLOGY**

- Triple Thermal Shield Technology (pipes, cabinet and floor).
- Aluminum foil side of Thermal Shield reflects the heat back into the hot tub.
- Black side of Thermal Shield and pipes designed to absorb heat.

**4 Low Amperage Evergreen Pump**

**HIGH FLOW - LOW ENERGY PUMPS**

- Pumps that are engineered to produce high flow rates with low energy output.

**5 Eco Heat Exchange Technology**

**FULLY ADJUSTABLE VENTING**

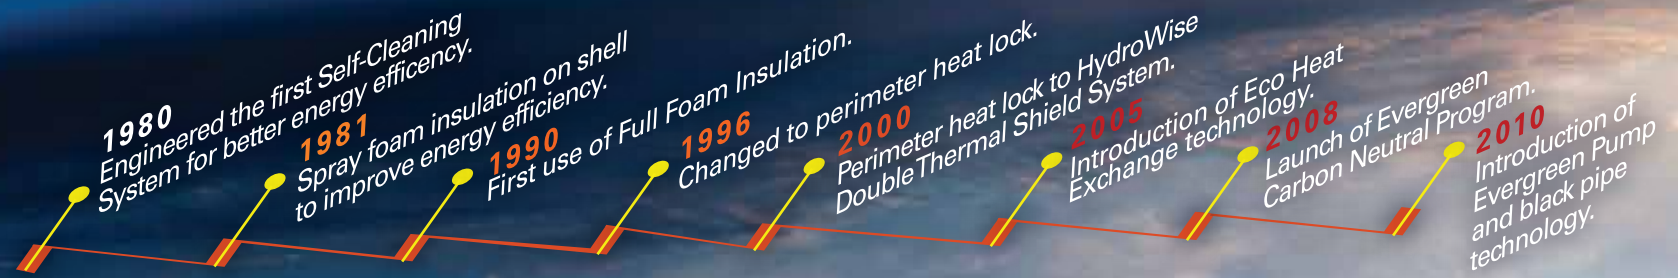

- Each pump creates 1.5 kw per hour of waste heat and our Triple Thermal Shield blanket reflects that heat back into our hot tub cavity.
- Hydrowise Thermal vents maximize energy efficiency for any season and any climate.

**6 Designed To Exceed CEC Regulations**

**SETTING THE STANDARD**

- Ranked in the top 3 in the world for stand by wattage and energy efficiency.
- One of the first to be approved under the strict California Energy Commission approvals.

We have always been developing new ways to better our energy efficiency...

# The Evolution Of The Hydropool Hot Tub.

The Energy Efficiency Story...

## 1990, NO FOAM

## 1992, NO FOAM CHANGES TO FULL FOAM

Why?

- Better insulation
- Supported pipes

## 1996, FULL FOAM CHANGES TO PERIMETER FOAM

Why?

- Water will take the path of least resistance hence, if there was a problem with the plumbing the water could appear on the other side
- It is difficult to service because there is no access to plumbing without a full dig out
- Not able to access plumbing without compromising the insulation or structural integrity
- Each motor creates 1.5 kw of heat and all of that heat was being expelled from the hot tub as opposed to being used to help heat the water

## 2000, PERIMETER FOAM CHANGES TO HYDROWISE THERMAL SHIELD

Why?

- Causes leaks due to plumbing support issues
- Gaps in panels allow heat to escape
- The Motor needs to breath, and without vents it overheats and causes the pumps to fail

## 2005 - PRESENT, HYDROWISE THERMAL SHIELD TECHNOLOGY

Why?

- Polyfilm barrier supports the plumbing
- Easy access to service
- Uses the waste heat of the motor, shell and pipes to heat the hot tub
- Eco heat exchange Venting to expel the heat in the summer and trap the heat in the winter

The Self-Clean Story...

## 1980, GRATE STYLE SKIMMER/ GRAVITY STYLE DRAIN

## 1985, GRATE STYLE SKIMMER CHANGES TO SUCTION SIDE FILTER/ SKIMMER

Why?

- Suction is located 6" below the surface level of the water, hence it skimmed nothing off the surface
- Combining the two saved money and allowed the filter to be skimmed more efficiently

## 1989, SUCTION SIDE FILTER/SKIMMER CHANGES TO HIGH FLOW SKIMMER AND PRESSURE SIDE FILTER

Why?

- ONLY 50% of the water was being filtered
- Filter is designed to clog. Pumps and heater were being starved of water
- Filter was exposed to the air, hence there is a greater chance of odours and it was in the sight lines of the bather

## 1993, GRAVITY DRAIN CHANGES TO FLOOR VACCUUM

Why?

- Pulled water from 2" - 4" above the bottom of the hot tub so you needed a vacuum to remove dirt from the floor
- You had bail the bottom 6" of water by hand when draining the hot tub
- Did not filter any of the water

## 2000 - PRESENT, SELF CLEANING SYSTEM

Why?

- Filter's 100% of the water every 15 mins
- Skims the surface of any water
- Vaccuums the floor
- Results in clean clear safe water

If only it could clean  
the house, too.

Find more time to relax in  
your soothing bubbling hot  
tub that actually drains itself  
with the hot tub pump.  
With the convenience of the  
quick drain system and the  
science of the worry-free  
Hydropool Self-Cleaning  
technology, you'll wish  
everything in life could be  
this easy.

Time to Reflect.

HYDROPOOL  
evergreen  
commitment

# The Hydropool Evergreen Commitment Enhances Your Life In More Ways Than Ever.

Hydropool's Evergreen Commitment allows our customers to rest comfortably knowing they are enjoying a premium hot tub or swim spa experience that will enhance the environment as well as their lives for years to come.

**The World's First Carbon Neutral Hot Tubs and Swim Spas** Hydropool is committed to minimizing and neutralizing the carbon emissions from our manufacturing processes. Our lean manufacturing initiatives are constantly reducing the size of our carbon footprint. Our Tree Planting Program ensures that we support environmental projects that neutralize the carbon emissions in our manufacturing processes.

**The World's First C.E.C. Approved Hot Tub and Swim Spa Manufacturer** Hydropool is committed to be on the leading edge of developing energy efficient technologies. Our unique Self-Cleaning, and HydroWise Thermal Shield Systems enable us to meet the rigorous energy efficiency standards of the California Energy Commission (C.E.C.)

**Environmentally Responsible Printing** Hydropool is committed to supporting responsibly managed forests in order to protect wildlife habitats, to ensure clean water and to keep our forests healthy for generations to come. Therefore, all of our corporately produced posters and brochures are printed by companies certified by the Forest Stewardship Council (FSC) on FSC approved paper.

**Reduce, Reuse, Recycle** Hydropool is committed to reducing the waste that we send to landfills. In addition to Lean Manufacturing initiatives which reduce and/or reuse waste materials we are also engaged in a corporate wide recycling program. Even the Everlast Cabinetry on our hot tubs and swim spas are recyclable.

**OUR MANUFACTURER COMMITMENT TO YOU**

- Lean manufacturing reduces costs to fund carbon offsetting
- Our reduce, reuse and recycle programs minimize waste
- We use paper from well managed forests and other controlled sources
- Everlast Cabinetry is 100% recyclable

**OUR CONSUMER COMMITMENT TO YOU**

- Under the Hydropool Evergreen Commitment we plant a tree for every hot tub or swim spa sold. For more information go to [treescanada.ca](http://treescanada.ca)
- 100°F / 37°C. The EXCLUSIVE HydroWise Insulation System provides energy efficient heating
- SAFE WATER GUARANTEE. The Self-Cleaning System provides energy efficient water filtration

## Hydropool's EZ Ultra Pure Salt Water Bromine System\*

Provides unsurpassed ease and convenience in hot tub water sanitation. The system results in automatic crystal clean water allowing your filter and water balancing products to do their job without adding chlorine or bromine. The Salt Water Bromine System reduces the amount of work required to maintain your hot tub, making the world's easiest hot tub to maintain just that much easier.

## Hydropool's Water Management Systems

### EZaquazure System\*

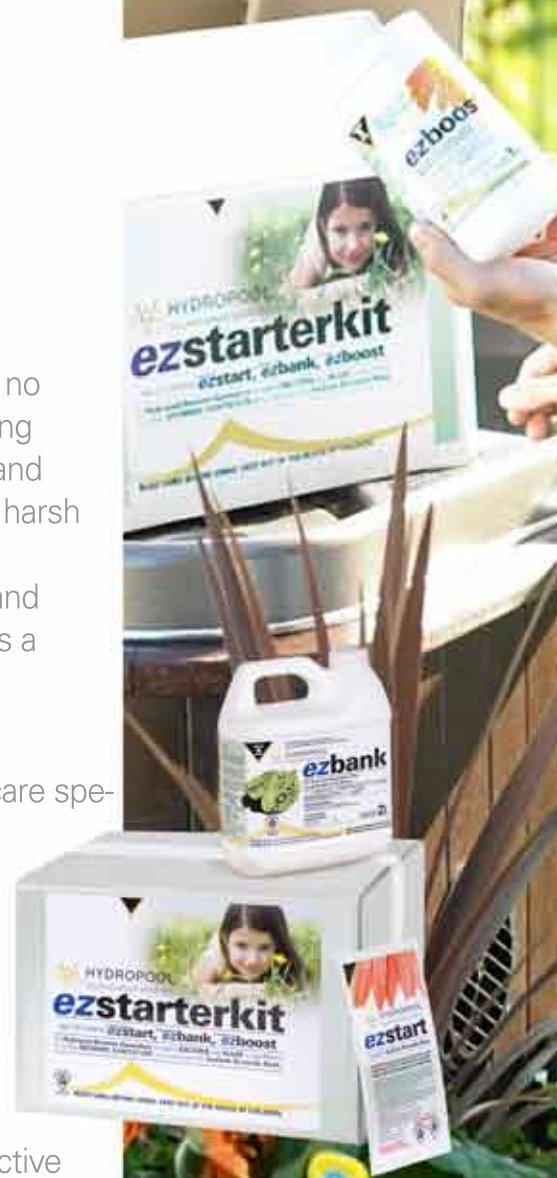

This system keeps water levels balanced with no daily measuring and adjustments and everything you need is in one box. Dermatologist tested and approved. This system reduces the amount of harsh chemicals and eliminates heavy odors. It prolongs the life of your hot tub equipment and reduces scale build-up in plumbing lines. This is a patented environmentally-friendly formula.

### Second Nature Watercare System\*

Hydropool and its Retailers are hot tub water care specialists and the Second Nature EZ line of products are specially designed to work together for simple and easy application. These products are test proven over many years and provide clear, clean and safe water for all your hot tubbing enjoyment.

### EZ Ultra Pure Ozone System

When mixed with water ozone is a highly effective oxidizer that assists in removing unwanted contaminants from the hot tub water.

\* Only available in North America.

# Hydropool's Great Options and Upgrades.

## Shell Options

Standard Acrylic Colors\*

Your Hydropool Self-Cleaning Hot Tub is available in these colors.

Alpine Mist

Silver Marble

Cappuccino Mist

Summer Sapphire

Midnight Mist

Kalahari

Quartz Mist

Bronze (Optional/Upgrade Color Only)

Deep Sea Blue (Optional/Upgrade Color Only)

## Cabinet Options

Premium Everlast Cabinetry with Removable Panels

Hydropool Self-Cleaning Hot Tubs are available with our maintenance-free everlast cabinetry. This premium quality cabinetry is installed onto a sturdy wood substructure for the ultimate in durability and is embossed for the most realistic look possible. In the unlikely event that you require access to the hot tub plumbing or equipment, all four panels are removable for easy service access.

Choose from these finishes...

Espresso

Midnight

Driftwood

\*Hot tub shell and cabinet colors may not be exactly as shown due to printing.

## Audio and Visual Options

### HydroSurround Sound System

Hydropool's Surround Sound includes a waterproof AM / FM / MP3 / USB Player with an iPod / MP3 input for downloadable music storage. Proprietary circuits automatically prevent distortion at high volumes. With 180 watts total power, a custom EQ optimizes sound and automatically adjusts the various frequencies. Also includes a powerful 100W amplifier, 2 marine grade premium 3-way pop-up HydroSurround Sound speakers and a powerful sub woofer with a convenient docking station for any type of MP3 Player.

### 19" LCD Wide Screen TV with DVD Player (stereo required)

Models 800 and 1038 can be purchased with our video entertainment system which includes a waterproof 19" LCD screen that hydraulically lifts up and out of a specially designed housing in the hot tub shell. The system is cable and satellite ready and includes a water-proof floating remote control. The system also includes a marine grade DVD player.

### AquaFitness Option

#### Aqua-Rowing Machine

A combination of stainless steel oars and rubber bands attach to swivel anchors allowing you to do the full rowing motion. This is an excellent upper body and abdominal workout. *This option is exclusive to the Self-Cleaning 1038 Hot Tub.*

### Aromatherapy Options

#### DreamScents on Demand

As part of your total sensory hot tub experience, our state-of-the-art technology provides you the chance to change the mood or enhance your hot tub experience at the push of a button. It injects just the right amount of aromatherapy Essential Oils into your Self-Cleaning Hot Tub. The Essential Oils are available in a wide variety of pleasing and stimulating scents from your Hydropool Retailer.

## Cover Options

### HydroWise Thermal Shield Cover

This patented ultra energy efficient 4" cover features a silver reflective lining, a bumper seal through the centre fold and around the outside perimeter to ensure that the heat stays in and the cold stays out.

*There is simply not a better cover.*

### Cover Remover Plus

Manufactured with powder coated aluminum this cover remover is especially space efficient. The cover remover plus can be partly lifted at one side and the hydraulic pistons assist with the final removal of the cover.

### Cover Remover Standard

Our most popular cover removal system is easy to use, is space efficient and simple in design. It has only one moving part and a built in stop mechanism and is absolutely trouble-free.

### Cover Remover LoProfile

Soon to be the most popular cover removal system still easy to use, still absolutely trouble-free. but is even more space efficient with its noticeably lower profile.

# Personalize Your Hydropool Self-Cleaning Hot Tub With These Great Options and Upgrades...

## Hydrotherapy Options HydroSequence Massage

The HydroSequence Massage is a seat with 8 jets that pulsates in a random pattern allowing the user to experience a hydrotherapy massage like no other.

## 10 Extra Jets Therapy Package

With the addition of the Luxury Package you increase the jet count in your Self-Cleaning Hot Tub by 10 - increasing the quality of the hydrotherapy you experience.

## HydroTher Control and Wellness Programs

With the addition of the Hydrother Package in your Self-Cleaning Hot Tub you have now access to specific preprogrammed massage regimens that provide relief for back pain, cellulite, digestive issues, sports injury recovery, headaches, insomnia and stress.

## HydroVortex Jet

This spa jet provides a deep tissue massage for your thighs, calf muscles, quadriceps and hamstrings. This jets provides immense pressure of water per minute that is enough to alleviate any muscle pains in no time at all.

(Only available on Models: 495, 575, 700, 800 and 1038)

## Lighting Options Deluxe LED and Garden FX

All Hydropool Self-Cleaning Hot Tubs include the added convenience and reliability of Hydropool's Premium LED Lighting featuring bright LED lights that sequence through blue, green, red and white.

## HydroFlex Air Therapy

Every HydroFlex Air Therapy System is designed to offer you a privileged moment where up to 10,000 perfectly aimed heated air bubbles apply ideal pressure to provide you with an encompassing therapeutic massage.

## HydroFlex Foot Massage

Hydropool's Reflexology Foot Massage lets you divert all of the water from one pump through two monsoon foot well jets to deliver powerful and vigorous massaging streams to your feet for maximum stress relief and hydrotherapy enjoyment.

## Double Premium Waterfall Jet

The adjustable "Waterfall Jet" helps release the body's natural endorphins that act as a natural pain suppressor and help to relieve stress, headaches and pain.

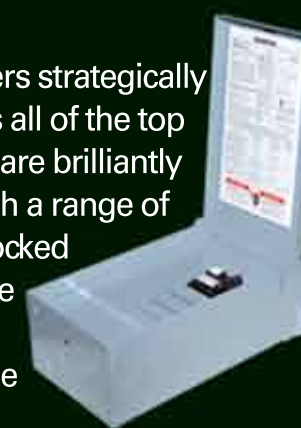

## Cascading HydroFalls

The HydroFalls package includes 3 Laminar fountain jets that are illuminated with brilliant color sequencing LED lights.

## Northern Lights

This upgrade to LED lights offers strategically placed lighting that illuminates all of the top mounted control valves. They are brilliantly colored and sequence through a range of colors when turned on or be locked on to one preferred color. These lights are also complemented by LED lights that illuminate the waterfall jet(s) discreetly from behind.

## 40, 50 Or 60 amp GFCI With Sub-Panel Box\*

For your convenience a GFCI breaker can be conveniently installed into the included custom sub panel.

## Command System

The Smart Phone App that is designed as a wireless hot tub control which allows you to pick the water care settings that fits your schedule, adjust filtration and temperature settings and create the ideal hot tub experience from inside your home.

## Step Options

### Two Tier Cedar Step

Hydropool's optional two tier cedar step makes entering and exiting your hot tub safe and easy. This step is made from our premium quality furniture grade clear cedar.

### Two Tier Universal Step

Hydropool's optional two tier step makes entering and exiting your hot tub safe and easy. These steps are available in matching Midnight, Driftwood or Espresso color finishes.

## Industry Leading Guarantee

Hydropool Hot Tubs are built to stand the test of time and offer an Industry Leading Guarantee package. For details on coverage inquire with your local Hydropool Retailer.

## Other Popular Options

### EZ Ultra Pure Salt Water Bromine System

Provides unsurpassed ease and convenience in hot tub water sanitation. The system results in automatic crystal clean water and reduces the amount of work required to maintain your hot tub making the world's easiest hot tub to maintain just that much easier.

# The Company Behind Every Hydropool Hot Tub.

Hydropool originated in 1980 and has become one of the largest hot tub and swim spa retailers and manufacturers in the world. Whether it's our products, knowledgeable advice, or after sales service and support, our team must give our customers not just great service but ... *the best experience in the hot tub industry.*
