Enjoy Peace and Serenity Every Day With A **Hydropool Serenity Hot Tub**

Medical evidence proves that regular use of a hot tub is not only relaxing and fun... it is healthy as well. Hydrotherapy is good for your body and soul. It helps release the stress and strain of your busy lifestyle. Get in a Serenity Hot Tub and you will feel the benefits of hydrotherapy, warm soothing water, invigorating and pulsating jet streams and natural buoyancy. Enjoy day and night, inside or out, by yourself or with family and friends... life with a Serenity Hot Tub is just a whole lot better.

Some Of The Benefits Of Hot Tubs Include:

- Soothes tired and aching muscles.
- Relieves arthritic and migraine pain.
- Relieves stress and tension.
- Helps you work, play and sleep better.
- Helps rekindle romance and friendships.
- Brings families together.

HYDROPOOL
serenity hot tubs

A Hydropool Serenity Hot Tub
**Will Help You Feel, Work,
Play and Sleep Better!**

**Start Your Day
Off Right**

Imagine how much better your day will start when you slip into your own Hydropool Serenity Hot Tub for a few minutes each morning. Your circulation will improve, your muscles will relax and feel better, and your state of mind will be enhanced. You will be better prepared to face a hectic day at work, a workout at the gym or a round of golf at the club.

**Soothe Those Tired
and Aching Muscles**

The heat of your Hydropool Serenity Hot Tub results in collagen tissue becoming more flexible, benefiting many people with arthritic symptoms. Doctors have advised people with arthritis that soaking in warm water several times a day relaxes muscles and joints and helps induce restful sleep. The resulting stress and muscle tension relief has also led many migraine sufferers to claim that hot tub use reduces the frequency and severity of their headaches.

**Relieve Stress
and Relax**

When you're relaxing, you enjoy life more. It is easier to converse, share intimacies, smile and laugh. You'll look forward to your times in your hot tub. Hydropool Serenity Hot Tubs are also great for entertaining. Your guests will leave relaxed and with fond memories of the time spent in your hot tub.

Sleep Better

The heat, improved blood circulation, tension relief, and quicker lactic acid dissipation will result in a comforting state of relaxation and tranquility, assisting you to sleep better at night.

Designed and Engineered For Performance.

For over 30 years, Hydromax, the manufacturer of Serenity Hot Tubs, has evolved with what we call "continuous engineering." We strive to be the best and nothing less will do. The result is a hot tub renowned worldwide for quality and performance. All Serenity models are ergonomically designed for full body support and comfort. With soft, comfortable pillows that gently support your head and neck, while wide lumbar support cradles your body. Serenity's Clean & Clear microfiltration surpasses all other water treatment systems for ensuring pure, clear water with low maintenance and reduced chemical usage. The system does this by combining efficient, effective filtration, water circulation and skimming process.

- 1 Never Float Lounger**
- 2 Super Soft Pillows**
- 3 Safety Steps**
- 4 Clean/Clear Skimming MicroFilter**
- 5 10 Year Worry-Free Structural Guarantee**
- 6 Large Footwells**

Hydromax Strives To Be The Best With...
Innovative Design Features.

Experience Superior Hydrotherapy with Serenity HotTubs

A Serenity HotTub boasts a wide variety of stainless steel jet sizes and types. From powerful wide body streams to penetrating finger tip massage, each jet individually adjusts to deliver optimum hydrotherapy.

Every body is different, each with it's own unique needs and hydrotherapy requirements. Sometimes a gentle, wide-body massage is desired for general relaxation and stress relief, other times a penetrating high velocity flow

is needed to invigorate and relieve tired or aching muscles. Hydropool's unique "Science of Immersion" combines the benefits of all of the best jet sizes, types and designs available, ensuring you receive the customized massage just right for you. With the simple touch of a button, the swing of the Hydropool diverter valve, or turn of the

adjustable jets, your hot tub can be converted from a gentle soothing all-body massage to an invigorating, penetrating massage specifically targeted to the muscles of your choice. Full force, gentle massage, or somewhere in between... the Hydropool "Science of Immersion" gives you the choice to select your desired level of intensity.

Choose... YOUR SEAT.

Our solid understanding of hydrotherapy and ergonomics of the human body extends to the Serenity line of hot tubs. Through the "Science of Immersion" we are creating "ground up" innovations improving an existing line of hot tubs. All Hydropool products interact with the human body in the most effective and natural way possible.

- 1 Never Float Lounger
- 2 Swivel Seat
- 3 X-treme Seat
- 4 Cool Down Seat
- 5 Arm Rests

Personalize... YOUR MASSAGE.

The Hydropool Science of Immersion plays a crucial role in stress relief and Hydrotherapy. The Serenity HotTub is designed to offer the best hydrotherapy in its class. It can be the solution relieving insomnia, pain and headaches, detoxification and provides deep relaxation. Our design team comprises of Chiropractors, Physiotherapists and Industrial Designers that utilize their insight into the human physique and the Hydropool "Science of Immersion."

Choose your Hydrotherapy Series

Don't let other hot tub manufacturers tell you what to purchase. Your hydrotherapy needs are what matters and only Hydropool lets you choose exactly what is right for you. First, select the model that is the right size, color and interior configuration for your application. Then, select from a number of available hydrotherapy packages to complete your hot tub package.

Select your HydroFlow jets

Hydropool's therapy seats are fully adjustable for the ultimate full body massage. Many models include seats with shoulder jets to provide a strong, full upper back, shoulder and neck massage while foot and calf jets relieve foot and leg tension. Take a load off of your feet with Hydropool's fully adjustable Hydro-fluidity non-bearing jets provide the ultimate in relaxation and tension relief.

Choose your Therapeutic Option

A variety of deep bucket seats, higher cool down seats, comfortable bench seats and the body form "Never Float" Lounger gives everyone a seat of choice. Extra large foot wells allow you to stretch out, relax and enjoy.

Personalize... THE MOOD.

Part of the experience is enhancing the mood and we have developed a number of features and options that do just that.

Double Serenity HydroFalls

Engineered To Be The Most Energy-Efficient Hot Tub Built In The World...

Serenity's HydroWise Thermal Shield Insulating System.

Our innovative HydroWise Thermal Shield Energy Efficient Insulation along with our superior 4 inch HydroWise Hard Cover keeps the heat in and the cold out. Combine this with the fact that our hot tubs are engineered to be the most energy efficient in the world, providing 100°F / 37°C...

for just pennies a day.

1 Programmable Controls

Your HydroPool Hot Tub does not need to continually operate. Select your desired water temperature and the hot tub automatically maintains this temperature while ensuring that your hot tub is automatically conserving as much energy as possible.

2 HydroWise Heat Shield Hardcover

- **MADE FOR CANADIAN WINTERS**
- Heavy Duty tapered lockable safety hardcover.
- Insulated baffle in the fold area.
- Locks the heat in and the cold out.

3 Insulated Thermal Shield Blanket

- Triple Thermal Shield Technology (pipes, cabinet and floor).
- Aluminum foil side of Thermal Shield reflects the heat back into the hot tub.
- Black side of Thermal Shield and pipes designed to absorb heat.

4 Low Amperage Evergreen Pumps

- **HIGH FLOW – LOW ENERGY PUMPS**
- Pumps that are engineered to produce high flow rates with low energy output.

5 Eco Heat Exchange Technology

- **FULLY ADJUSTABLE VENTING**
- Each pump creates 1.5 kw of waste heat and our HydroWise Thermal Shield blanket reflects that heat back into our hot tub cavity.
- HydroWise Thermal vents maximize energy efficiency for any season and any climate.

6 Designed To Exceed CEC Regulations

- **SETTING THE STANDARD**
- Ranked in the top 3 in the world for stand-by wattage and energy efficiency.
- One of the first to be approved under the strict California Energy Commission approvals.

Hydropool's Serenity HotTubs...

Are Well Equipped With Eighteen Standard Features.

1

1) World Famous Comfortable And Spacious Design

Each and every Hydropool Serenity HotTub mould is hand crafted by our experienced designers and is carefully thought out to provide the ultimate in comfort, safety and versatility.

2

2) Three Stage Acrylic and Polymer Shell

All Hydropool Serenity Shells are vacuum formed from the finest acrylic available today. After the acrylic is vacuum formed, a layer of vinyl ester based glass loc fiberglass is applied to ensure perfect bonding of the finished shell structure to the acrylic. Finally, several layers of polyester based glass loc fiberglass are applied to make one of the strongest hulls in the industry.

2

3) Powerful Low Amperage Evergreen Pumping System

Hydropool HotTubs use an exclusive pump that is designed to provide maximum amount of water flow with the least amount of energy usage. This rugged 56 frame pump system is hydraulically balanced to deliver perfect water pressure to each hot tub jet. Using this style of pump provides solid state starting reliability, double shaft seal protection and includes a heavy duty ball bearing system.

4

4) Stainless Steel Versa Massage Hydrotherapy System

The ultimate in Hydropool's "Versa Massage System" is the ability to customize the intensity of the hydrotherapy to ensure optimal relief for your specific aches, pains or injuries. Hydropool Serenity HotTubs are designed with a variety of different stainless steel massage jets to ensure that your stress is released and you receive maximum enjoyment from your hot tub.

5

5) High Performance Heater

A composite housing is installed in the equipment area of all Hydropool Serenity HotTubs. This corrosion-free and long lasting heater housing contains a fully immersed 4 KW heating element (3 KW in Europe) that warms the water up quickly and efficiently maintaining your favorite water temperature.

6

6) Electronic Soft Touch Controls

Electronic controls are at the heart of every Hydropool Serenity HotTub. Offer your customers peace of mind and assure them they have full control over their hot tub while a number of safeguards ensure worry free enjoyment.

7

7) HydroWise Insulating Hard Cover

Hydropool locks in heat and keeps unwanted persons out with one of the industries finest safety hardcovers. The safety hardcover measures four inches thick in the middle and tapers to three inches on each end. The marine grade vinyl cover is lockable to prevent it from opening in windy conditions while keeping small animals and children out. The taper to each end allows any snow and water to run away from the hot tub.

8

8) Standard LED Lighting

All Hydropool Serenity HotTubs include the added convenience and reliability of Hydropool's LED lighting featuring LED lights that sequence through blue, green and red.

9

9) Automatic Water Purification (Ozone) Ready

When mixed with water, ozone is a highly effective oxidizer that assists in removing unwanted contaminants from the hot tub water. Hydropool Serenity HotTubs are outfitted with all of the electrical circuits and plumbing to simply add on this very popular and convenient option.

10

10) Truss Supported Cabinetry With Removable Panels

This high quality cabinetry is installed onto a truss supported solid frame for the ultimate in strength and durability. In the unlikely event that you require access to the hot tub plumbing or equipment all four panels are removable for easy service access.

Hydropool's Serenity HotTubs Are Very
**Well Equipped With
 Eighteen Standard Features.**

12

12) Polymer Base

The entire footprint of every Hydropool Serenity HotTub is sealed off with a weather resistant polymer base. The base is snugly fastened to the wood support structure and is designed to keep out unwanted animals and pests while keeping the heat in and protecting the hot tub from the elements.

13

13) High Flow, Triple Fastened Manifold Plumbing

Hydropool Serenity HotTubs are hydraulically balanced to deliver maximum water flow at the jet while delivering a smooth, quiet and energy efficient experience. Plumbing joints are cemented onto barbed fittings and then further secured with a hydraulically installed galvanized steel clamp.

14

14) Industry Leading Guarantee

Hydropool Hot Tubs are built to stand the test of time and offer an Industry Leading Guarantee package. For details on coverage inquire with your local Hydropool Retailer.

15

15) "HydroWise Thermal Shield" Energy Efficient Insulation

Hydropool Serenity HotTubs are engineered to be the most energy efficient hot tub in the world. Our innovative Thermal Seal Blanket along with our superior 4" HydroWise Hard Cover keeps the heat in and the cold out. Combine this with our ability to utilize the excess heat created by the pump(s) and you can enjoy the benefits of hot water and hydrotherapy for just a few cents per day! Hydropool Hot Tubs are recognized by the California Energy Commission as an energy efficient appliance.

16

16) Clean and Clear Skimming Microfilter

Hydropool Serenity HotTubs are design and equipped with the industry standard suction style skimming Microfilter. This is a commonly used manufacturing technique and can be found on many competitive hot tubs.

17

17) Super Soft Pillows

Every Hydropool Serenity HotTub includes strategically placed super soft pillows. Sit back and fully relax while enjoying the unmatched comfort of a Hydropool Serenity HotTub.

18

18) Safety Grab Handles

Built right into the hot tub mould on every Hydropool HotTub are a number of safety grab handles. These maintenance free grab handles help you of the hot tub and move around its interior.

From Powerful Wide Body Streams to Penetrating Finger Tip Massage, Each Jet Individually Adjusts to Deliver Optimum Hydrotherapy.

A woman and a child are relaxing in a hot tub on a deck. The hot tub is white with a dark wood-grain base. The deck is made of light-colored wood. In the background, there is a swimming pool and a house. The scene is set in a lush, green backyard.

When It's Time To Relax,
Know Your Options.

Personalize Hydropool Serenity Hot Tub With These Outstanding Options and Upgrades.

Standard Acrylic Colors*

All Hydropool Hot Tubs & Swim Spas are manufactured using only the finest cross link acrylic that delivers the ultimate in beauty and durability.

Optional Upgrade Color Only

Cabinets

Standard Dura Cabinet or Optional Everlast Cabinet Upgrade

Hydropool Serenity Hot Tubs come standard with our Maintenance-Free Dura Cabinetry. This premium quality cabinetry is installed onto a sturdy wood substructure for great durability and is embossed for the most realistic look possible. In the unlikely event that you require access to the hot tub plumbing or equipment, all four panels are removable for easy service access. Choose from Driftwood and Espresso finishes. Or you can upgrade to our Everlast premium finishes or real Cedar.

Cover Options and Accessories

CoverRemover Standard

The CoverRemover Standard is Hydropool's most popular cover removal system. The CoverRemover Standard is attractive with it's sleek low profile look, is easy to use, is space efficient and simple in design. With only one moving part and a built in stop mechanism, the CoverRemover Standard has been proven to be absolutely trouble free.

CoverRemover Plus

The CoverRemover Plus is manufactured from powder coated aluminum, providing years of trouble free performance. The CoverRemover Plus is especially space efficient and allows for the hot tub cover to be removed up against a wall or other close objects. The CoverRemover Plus can be partly lifted at one side and the hydraulic pistons assist with the final removal of the cover.

Cover Remover Low Profile

Soon to be the most popular cover removal system still easy to use, still absolutely trouble-free but is even more space efficient with its noticeably lower profile.

Audio

Serenity Sound Mp3 Docking Station With Amplifier, Surround Sound Speakers

Hydropool's HydroTunes MP3 sound system includes a waterproof MP3 docking station, AM/FM Tuner and two Speakers.

Hydrotherapy

HydroFlex Air Therapy System

Every Variable Speed Air Therapy System is designed to offer you a privileged moment where up to 10,000 perfectly aimed air bubbles apply ideal pressure to provide you with an all encompassing therapeutic massage. Your physical, emotional, mental and energetic needs are the inspiration behind everything we do. The range of pressure created by the air therapy system offered has been meticulously developed to soothe your mind and nourish your body and soul.

Double Serenity HydroFalls

The Serenity Water Fall provides the soothing sound of cascading water and adds an element of visual attraction to dramatically enhance your hot tub experience. Serenity 4000 models may be equipped with one waterfall. All other Serenity models may be equipped with two waterfalls. HydroFalls illuminated if ordered with deluxe led.

Aromatherapy Options

Dreamscents On Demand

As part of your total sensory hot tub experience, our state-of-the-art technology provides you the chance to change the mood or enhance your hot tub experience at the push of a button. It injects just the right amount of aromatherapy Essential Oils into your Serenity Hot Tub. The Essential Oils are available in a wide variety of pleasing and stimulating scents from your Hydropool Retailer.

Lighting

Deluxe LED and Garden FX Lighting

The deluxe LED lighting upgrade adds 3 additional LED lights (making a total of four) to the hot tub interior and helps you relax while enhancing your hot tub experience. The addition of the Garden FX lighting creates a safe entry and exit point to the hot tub at all times.

Northern Lights

This upgrade to LED lights offers strategically placed lighting that illuminate all of the top mounted control valves. They are brilliantly colored and sequence through a range of colors when turned on or can be locked on to one preferred color.

These lights are also complemented by LED lights that illuminate discreetly from behind the waterfall jet(s).

Steps

Matching Two Tier Step

Hydropool's optional two tier step makes entering and exiting your hot tub safe and easy. These steps are available in Clear Cedar or in Everlast Natural Cedar, Driftwood or Espresso finishes.

Other Popular Upgrades and Options

40, 50 Or 60 Amp Gfci With Subpanel

In order to ensure that bathers are fully protected while using their hot tub, a ground fault circuit interrupter (GFCI) must be installed. For your customers convenience, provide them with a matching GFCI breaker that conveniently installs into the included custom sub panel.

(North America Only)

Premium Garantie

Extend the warranty on the operating equipment and plumbing for an additional 2 years.

(North America Only)

Water Management

EZ Ultra Pure Ozone System

When mixed with water ozone is a highly effective oxidizer that assists in removing unwanted contaminants from the hot tub water.

EZ Ultra Pure Salt Water Bromine System

When mixed with water, ozone is a highly effective oxidizer that assists in removing unwanted contaminants from the hot tub water. Hydropool Serenity Hot Tubs can be ordered with an ozone injection system that keeps the ozone in the water and dramatically improves the performance of the system.

Automatic Chemical Feeder

After the hot tub water is treated with ozone, the water is then treated with chlorine or bromine. This ensures that the bathers are fully protected and that the hot tub water is safe and bacteria free.

Worry-Free and Convenient Watercare Systems

Choose from EZaquazure Mineral System or the EZcare Watercare System.

* Hot tubs colors may not be exactly as shown due to printing.

† Not available on SE models.

*North American models only.

The Hydropool Evergreen Commitment Enhances Your Life In More Ways Than Ever.

Hydropool's Evergreen Commitment allows our customers to rest comfortably knowing they are enjoying a premium hot tub or swim spa experience that will enhance the environment as well as their lives for years to come.

The World's First Carbon Neutral Hot Tubs and Swim Spas Hydropool is committed to minimizing and neutralizing the carbon emissions from our manufacturing processes. Our lean manufacturing initiatives are constantly reducing the size of our carbon footprint.
